Flow Kerja

What will we do?

Design

Prototyping

Manufacturing

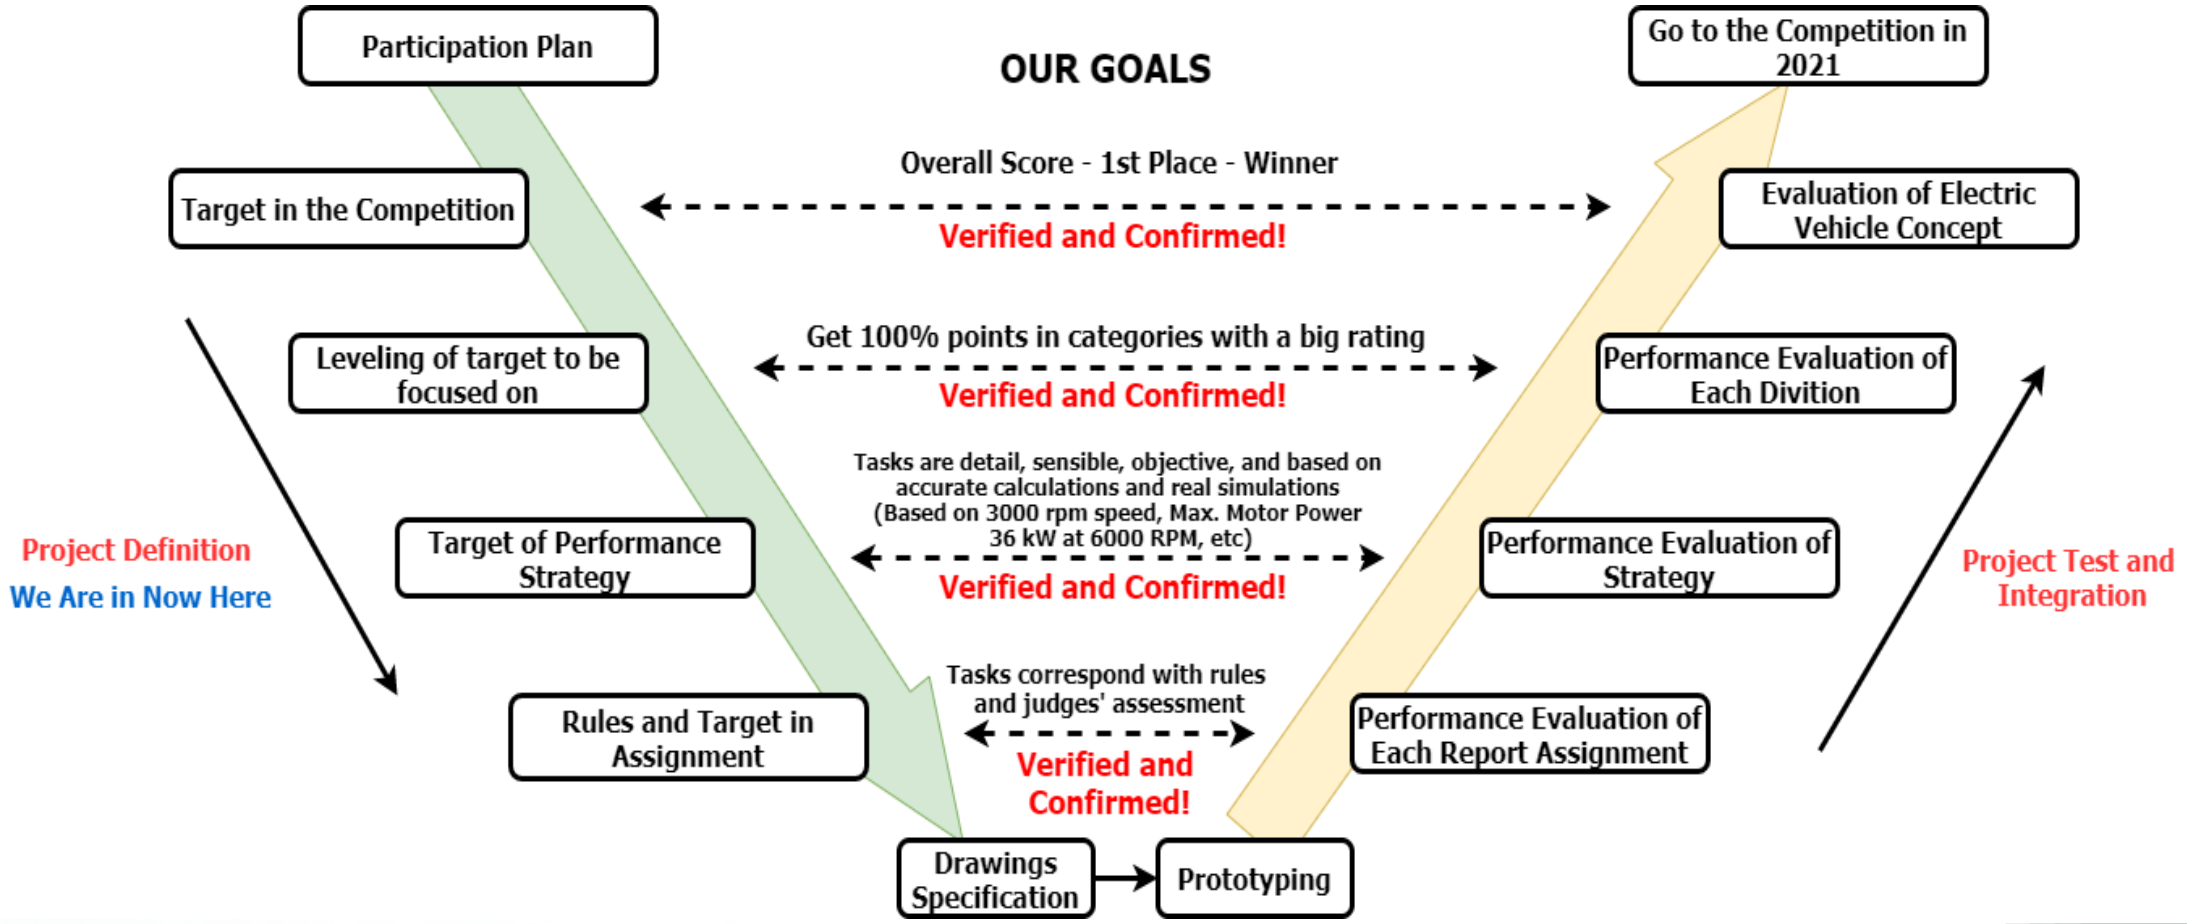
Assembly

ANARGYA 2020

Design

Pemahaman Regulasi
Diskusi
Perangcangan design
Simulasi dan Asistensi
V-shape

THE V-SHAPE STRATEGY



Participation Plan
OUR GOALS
Go to the Competition in 2021
Overall Score - 1st Place - Winner
Target in the Competition
Verified and Confirmed!
Evaluation of Electric Vehicle Concept
Get 100% points in categories with a big rating
Leveling of target to be focused on
Verified and Confirmed!
Performance Evaluation of Each Divition
Tasks are detail, sensible, objective, and based on accurate calculations and real simulations (Based on 3000 rpm speed, Max. Motor Power 36 kW at 6000 RPM, etc)
Project Definition
We Are in Now Here
Target of Performance Strategy
Verified and Confirmed!
Performance Evaluation of Strategy
Project Test and Integration
Tasks correspond with rules and judges' assessment
Rules and Target in Assignment
Verified and Confirmed!
Performance Evaluation of Each Report Assignment
Drawings Specification
Prototyping

Prototyping

- Pemesanan PCB
- Pemasangan komponen
- Uji kelayakan
- Assembly dari protoype

anargya

Manufaktur

- Pemesanan pcb fix
- Pembelian komponen fix
- Pemasangan komponen fix
- Perancangan wiring

Assembly

Pemasangan total

Wiring

Test Run
